

Friday, January 11, 2019 – 6th

- Warm-up 1

- Name some of the formulas you have learned in previous math or science classes – explain what each variable means.

- Book 1: Activity 3-1

- Solving More Linear Equations

All Things Being Equal

Rewriting Equations to Solve for a Variable

Objectives:

Content: I will rearrange formulas to highlight a quantity of interest using the same reasoning as in solving equations.

Social: I will work well with my new group, encouraging others to use time wisely.

Language: I will write clearly, explaining my reasoning.

Friday, January 11, 2019 – 7th

- Warm-up 2

- Solve the following:

Jack is walking on a trail and comes to mile marker 5. If he continues walking for another mile, what is the next mile marker he will come to? *Explain why.*

- Book 1: Activity 3-2

- Solving More Linear Equations
All Things Being Equal
Solving Absolute Value Equations

Objectives:

Content: I will rearrange formulas to highlight a quantity of interest using the same reasoning as in solving equations.

Social: I will work well with my new group, encouraging others to use time wisely.

Language: I will write clearly, explaining my reasoning.
