# **Tuesday, January 28, 2019**

- Warm-up
  - Draw sets of 2 lines (circle each set) to show all of the ways lines in a plane can be related.
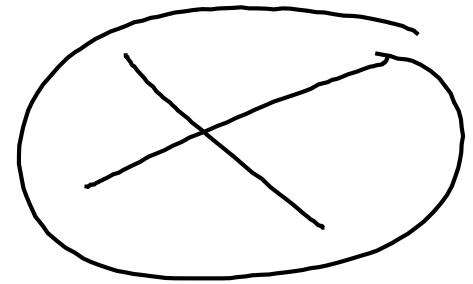

Parallel

equivalent
(same line)

perpendicular

intersect

- Solving Systems of Equations
  A Tale of Two Truckers
  10-4
  Systems without a Unique Solution

Objectives

Content: I will explain when and how a system of linear equations has no solutions or infinitely many solutions.

Social: I will work well with my classmates sharing and listening to ideas.

Language: I will read questions carefully and write clear answers to the questions.
