vertex

- Warm-up
 - none
- Work on PBL

nhsintegratedmath12pbl.weebly.com

6th Period – Get everything together for your PBL
7th Period – Mock Presentations

ANYTHING you want copied or color printed **MUST** be to me before the end of **7th period!**

- Linear equation from survey data
- Expenses per person (month)
- Overall expenses
- $y = x(\text{linear} - \text{exp. per person}) - \text{overall expenses}$

Objectives:

Content: I will apply my knowledge of **quadratics** to work towards solutions for my PBL.

Social: I will work well with my group and communicate my findings and ideas.

Language: I will clearly write what I accomplished today and my hopes for the next time I work on the PBL.
